

The first number

x

y

The second number

**Black box**

The numbers add:

$x+y=$

The first number

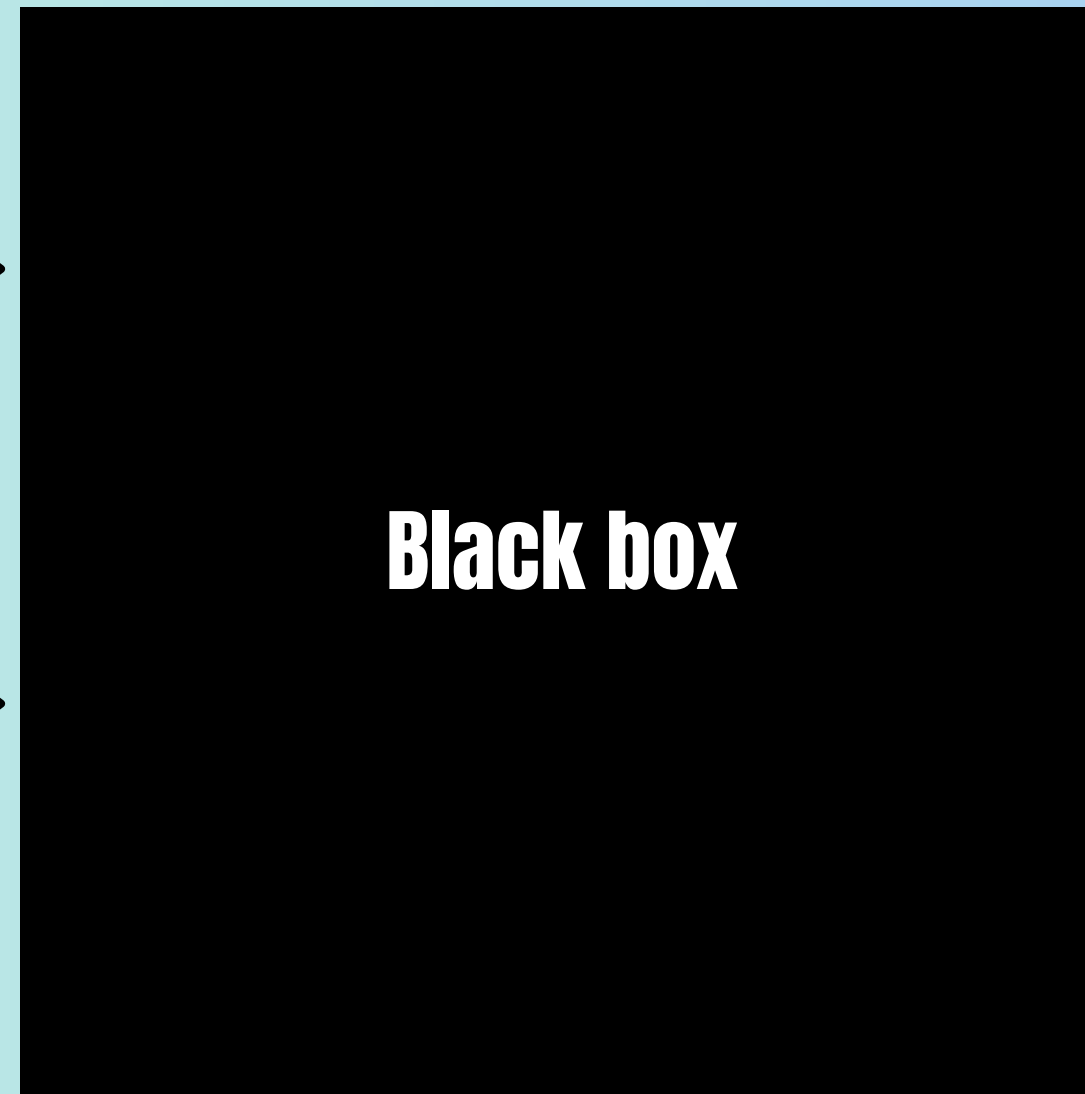

$x$

$y$

The second number

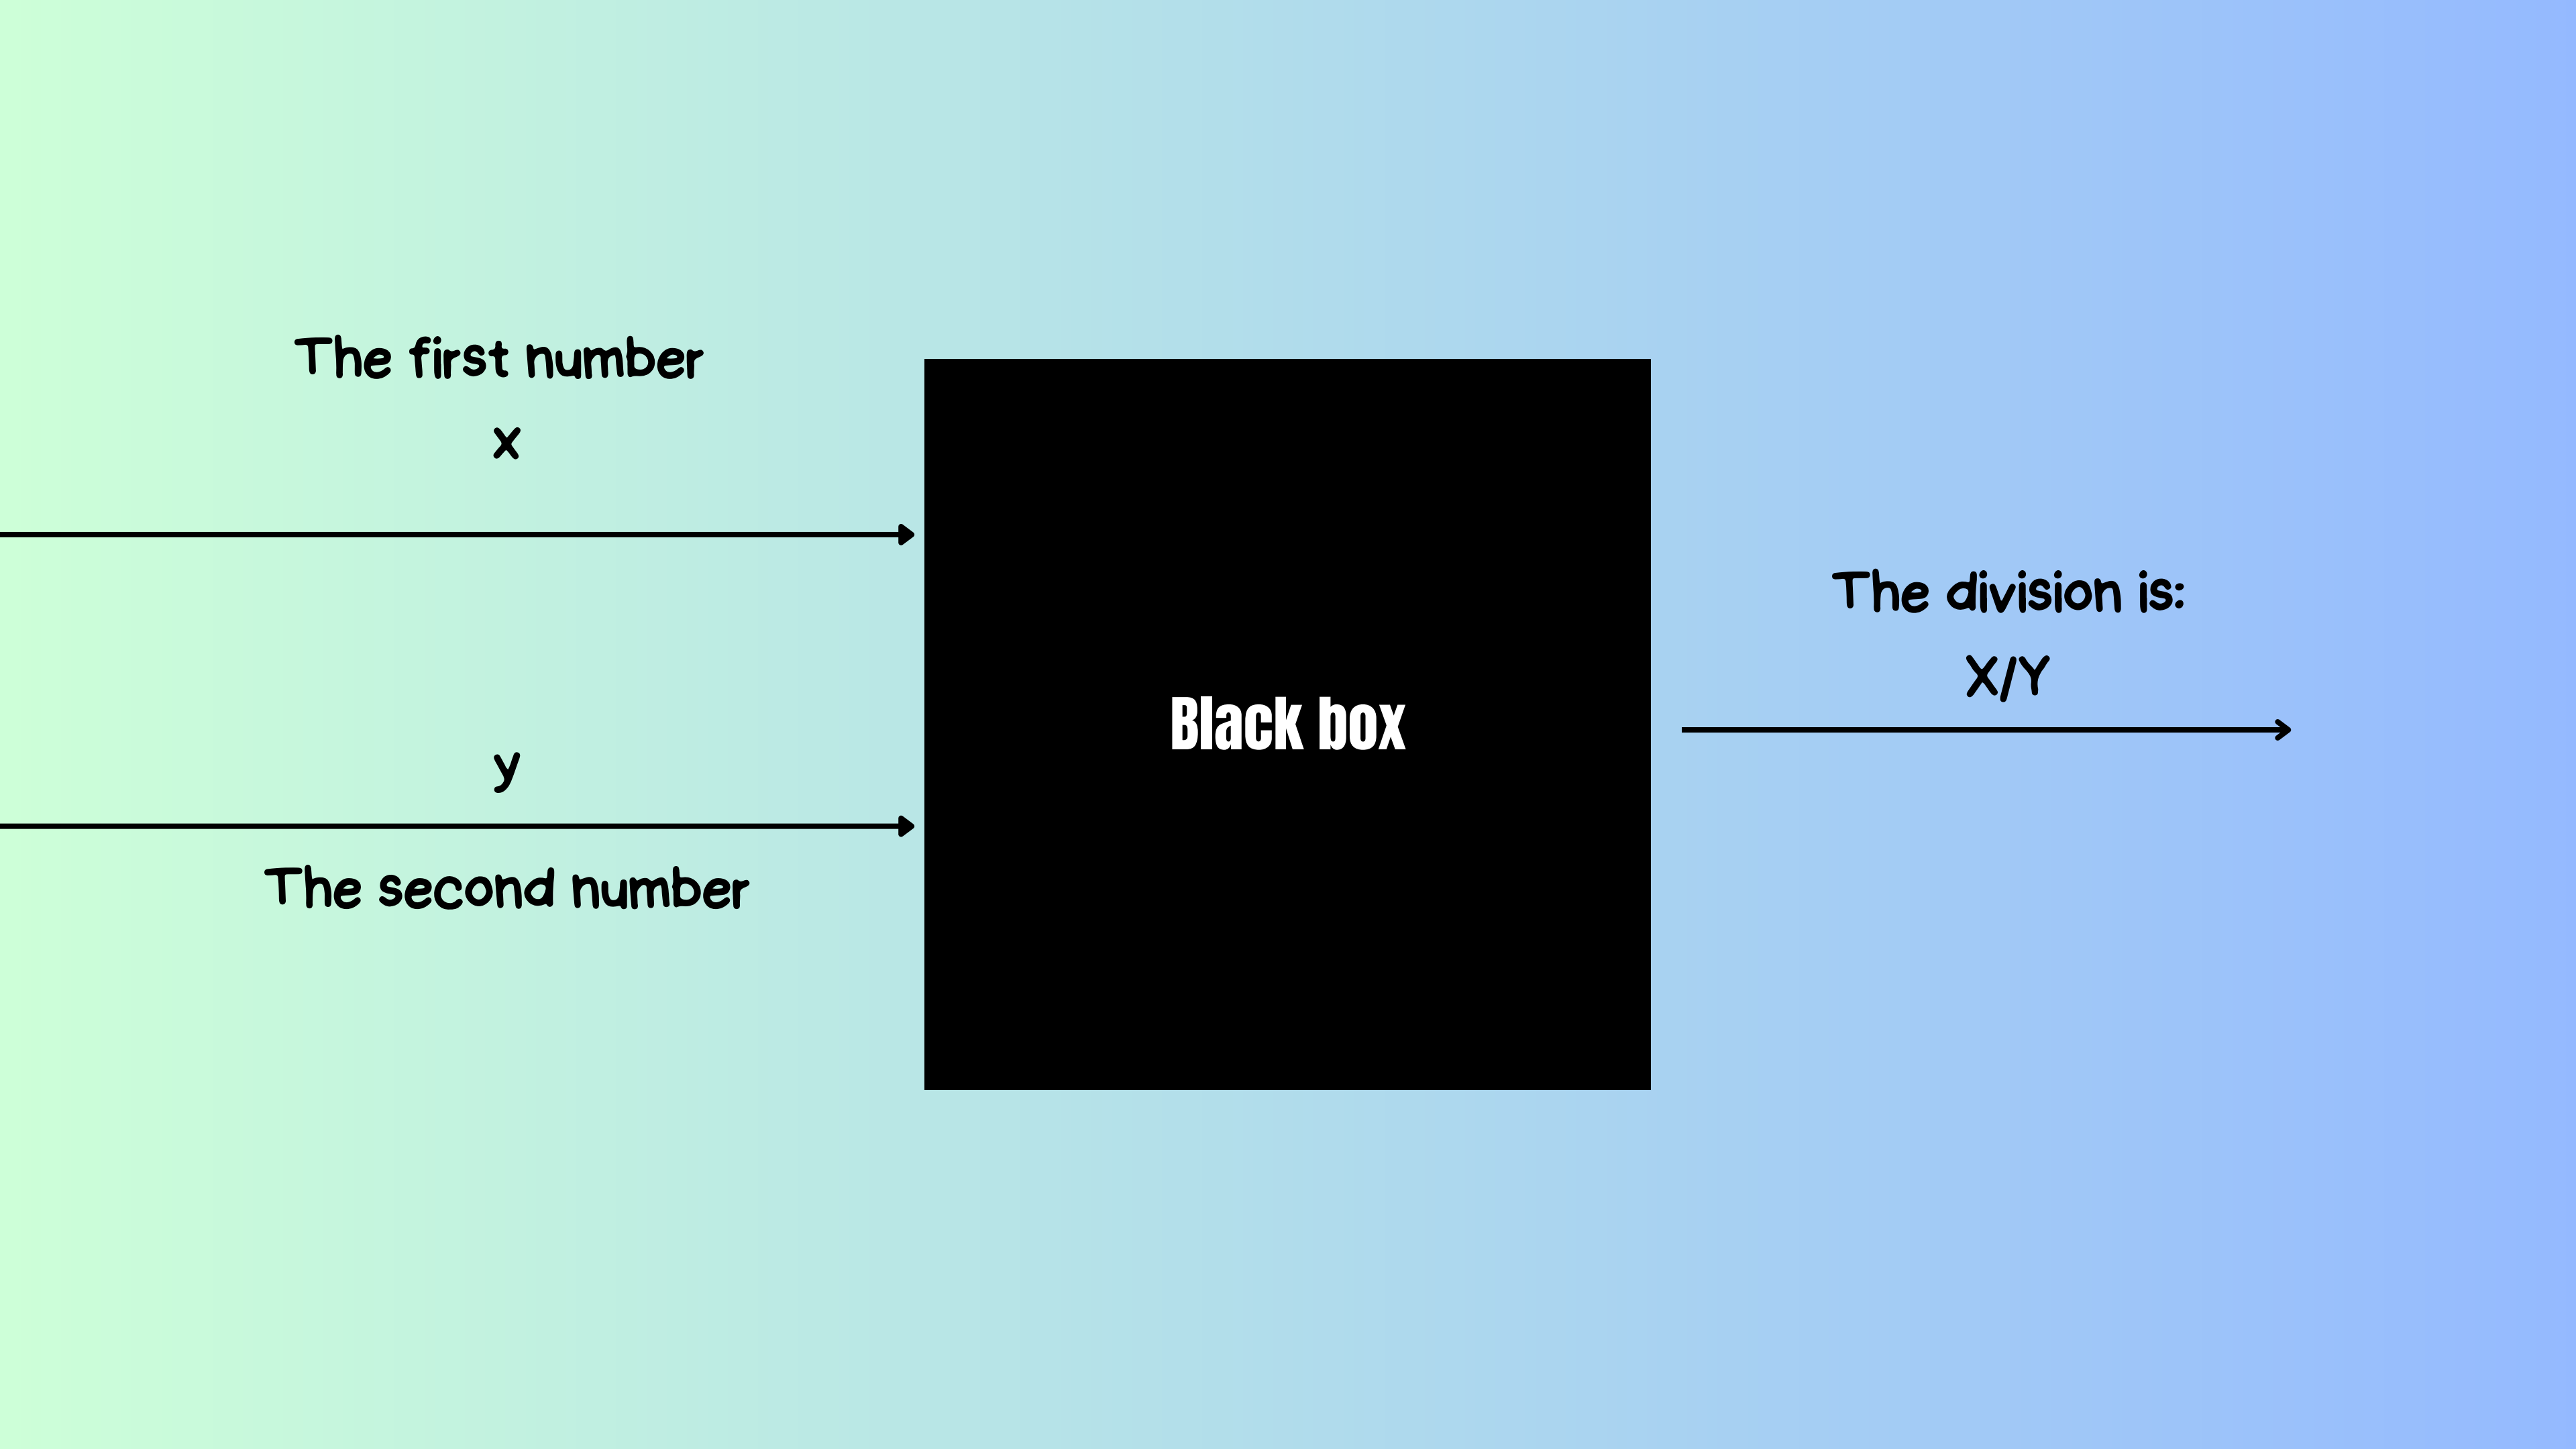

**Black box**

The difference of the numbers:

$x-y=$

The first number

x

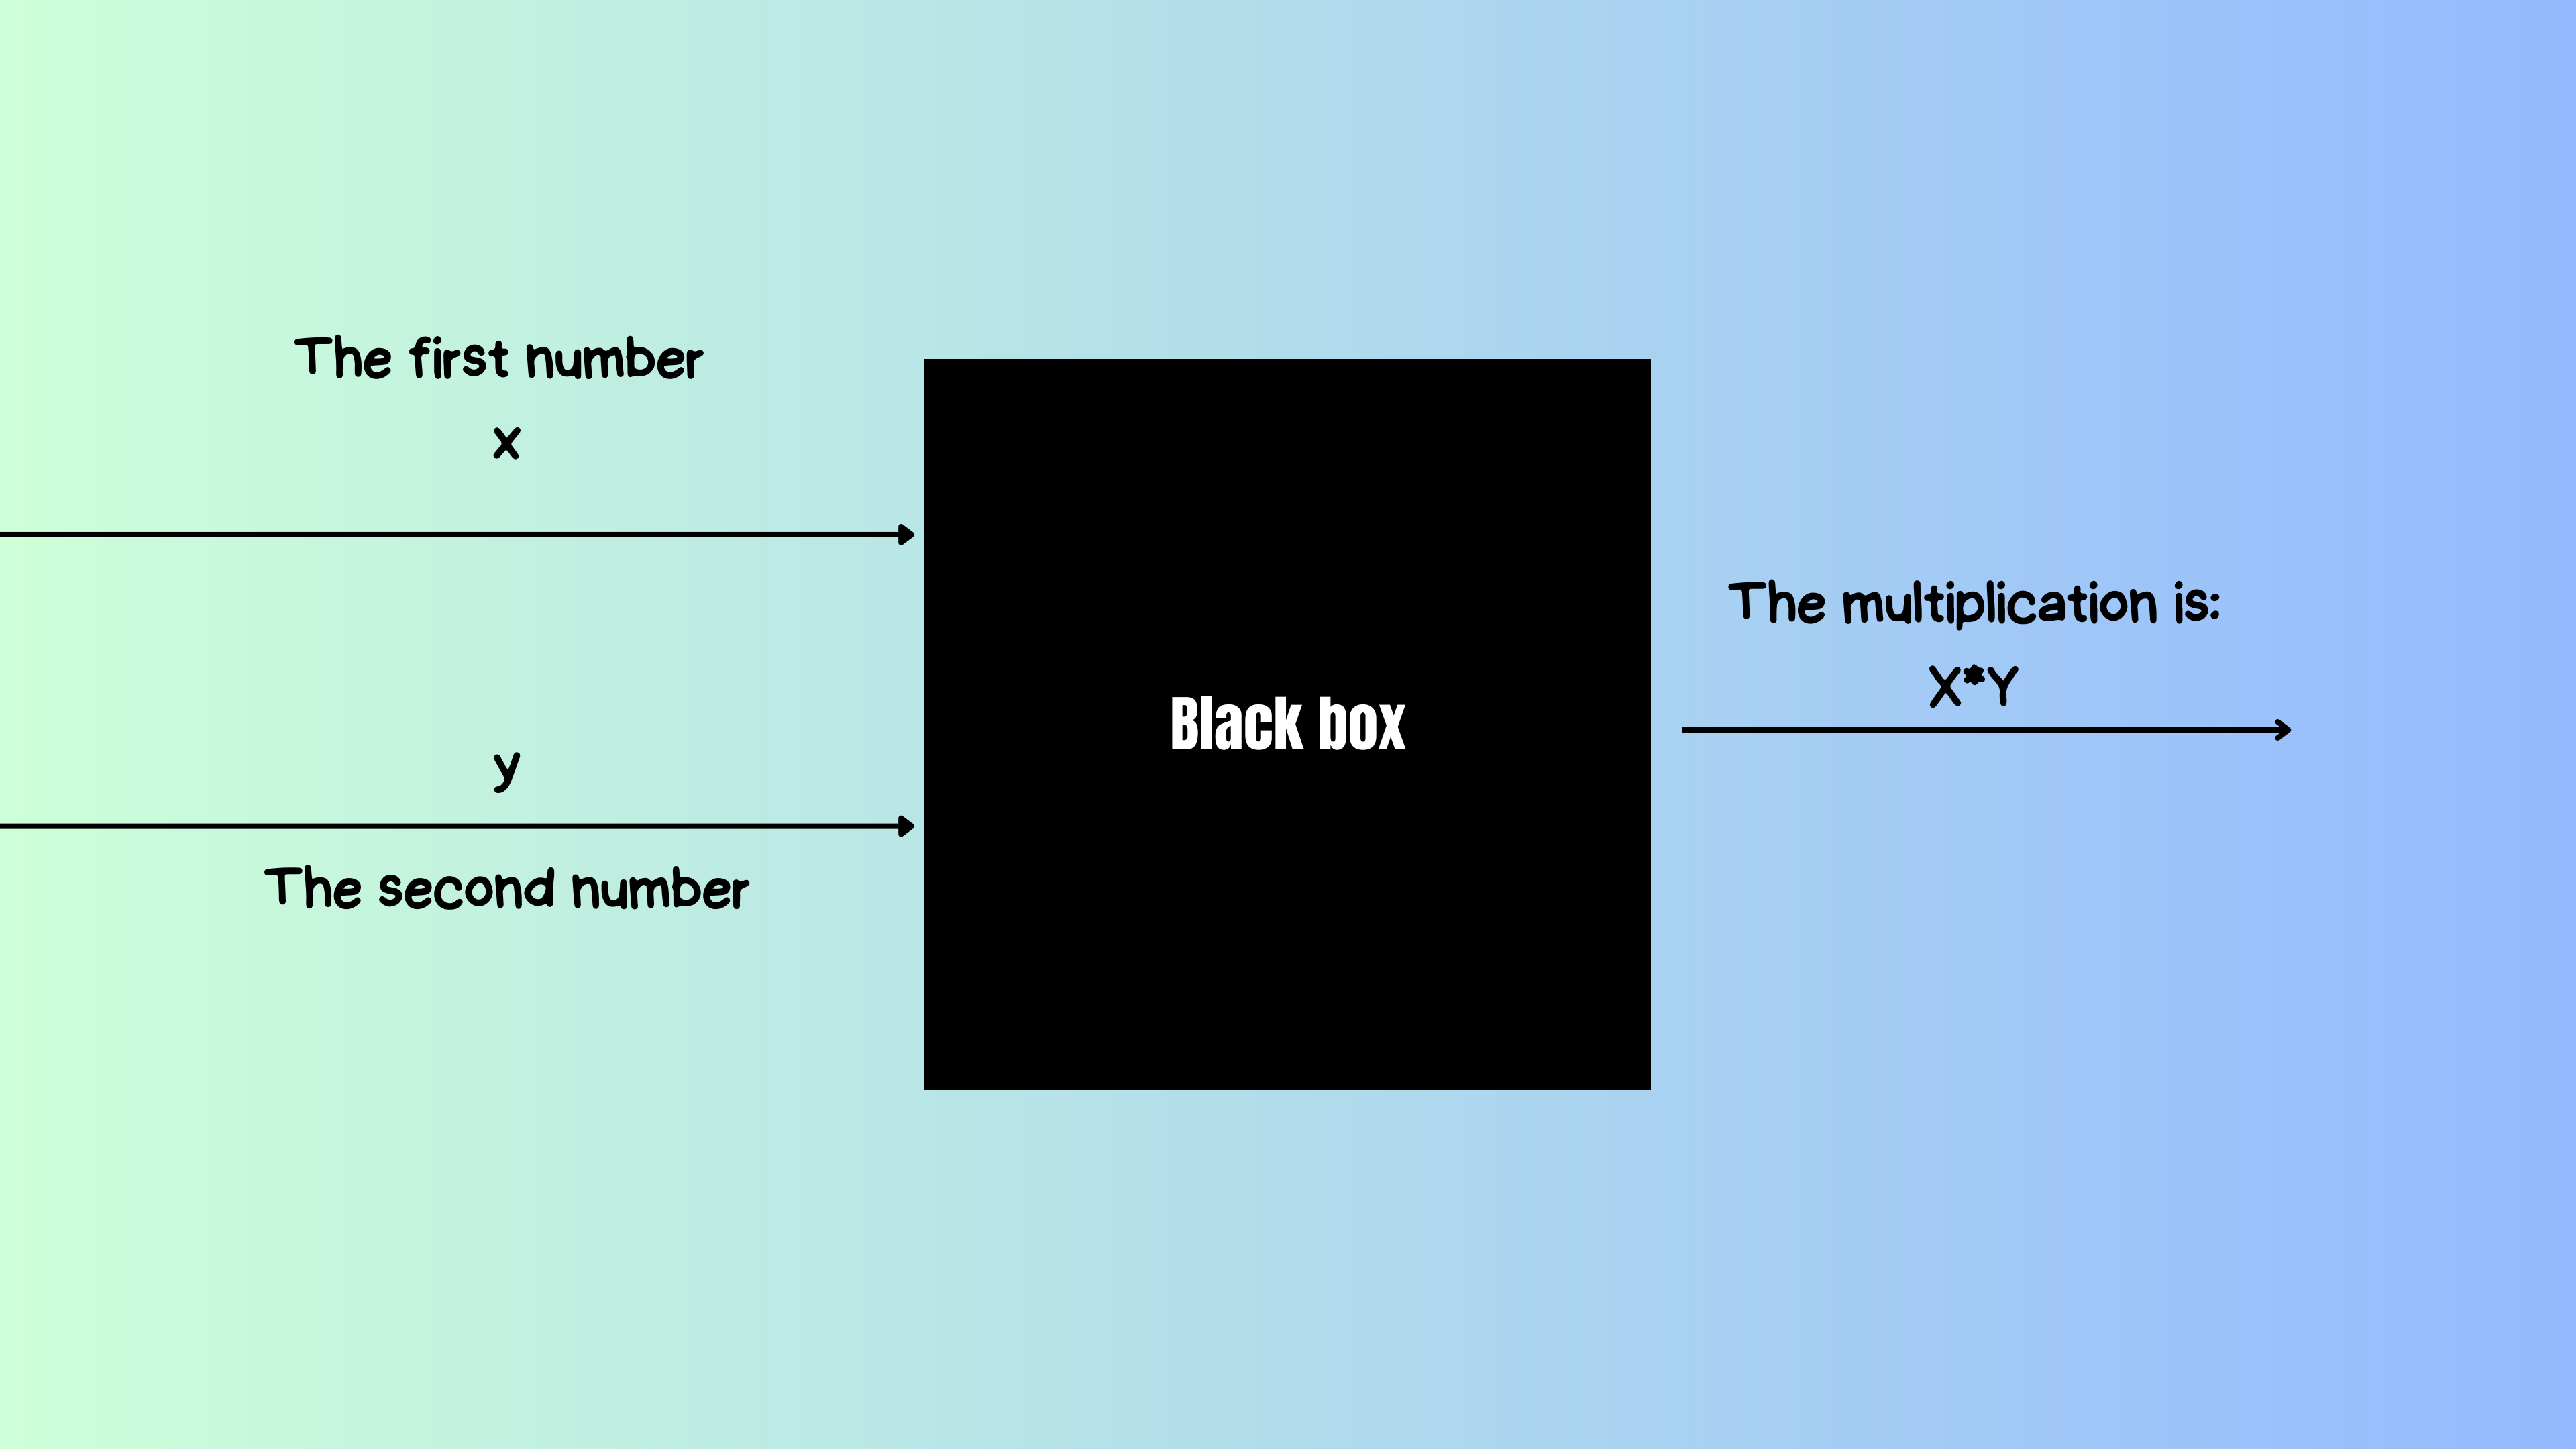

y

The second number

**Black box**

The division is:

$X/Y$

The first number

$x$

$y$

The second number

**Black box**

The multiplication is:

$x*y$
